

ADAPTER FOR GAARDBLOWER D51

Adapter with three nozzles compatible with the D51 (5100 m³/h) shell fan. Hoses can be attached to the nozzles of the adapter, which can be used to direct the air flow of the fan to the desired location. 1-3 hoses can be connected to the adapter. Unnecessary nozzles are closed with the included covers.

The adapter is attached to the clam blower with spring hooks.

Note! The package contains only the adapter and the hoses are sold separately.

SKU: 9600002/adapter
