

GAARD® RAMP CABLE COVER 4-CHANNELS

GAARD® RAMP overrun protection for cables and hoses is made of a first-class recycled rubber compound. The overrun protection withstands a load of 60 tons and is well suited for heavy use by machine rental companies. Overrun guards can be attached in series for longer protection. 4 cables can be protected with one overrun protection. The 80 cm long overrun protection has 4 grooves measuring 50 mm x 50 mm.
