

MODULAR CABINET SMC 700

The SMC 700 is a modular cabinet with 12 modular slots, where the content can be customized according to the needs of the construction site. By selecting only the necessary queue fuses and other components as content, you can save a lot. The content can be re-edited to fit the next site. Unnecessary module slots are covered with cover plates.

The cabinet has lifting eyes and the stand is designed for moving with a forklift. The sturdy cabinet, secured with powder-coated aluminum, stands on its own stand. The corrosion-free cabinets withstands heavy handling on site and the components behind locked doors remain safe.

SKU: S19329

TECHNICAL ATTRIBUTES

Module places	12 paikkaa	Dimensions (H x W x D)	1600 x 729 x 530 mm
Railing	630 A	Kiinnitys	Jalusta
Short-circuit resistance	I _{cf} = 25 kA	Model	SMC 700
Enclosure class	IP44	Ordering number	S19329
Paino tyhjänä	57 kg	Approvals	CE
