

TRASH TROLLEY

Galvanized sturdy trash trolley with two big wheels at the front and one smaller lockable one at the back. The trolley has lifting eyes that allow the trolley to be safely lifted to the floors of the construction site. The sturdy push handle and padding at the edges of the cart ensure that the cart is carefree to use. The cushions do not leave marks on walls or other surfaces.

The trash trolley can be loaded with 750 kg of trash and has a capacity of 400 liters. Made in Finland.

SKU: 10307001
