

TRANSFORMER HUB-48VDC 1500VA

The HUB 48VDC transformer is suitable for Worklite 48VDC lights as well as for BAU LED 48V led-strips.

The transformer has 2 outputs each 750VA. To each output one can connect max. 24 Worklite lights or 40m BAU LED 2-strip so in total one can connect 48 light or 80 m of led-strip.

The electronic DC transformer is easy to handle and has automatic overload protection. The transformer is made of marine aluminum and weighs only 7.5 kg. The transformer can be hung from its brackets on the wall and has a 3m connecting cable.

SKU: 60004005

TECHNICAL ATTRIBUTES

Power	1500VA	Weight	7,3 Kg
Supply	230V	Warranty (years)	2 år
Output voltage	48V DC	Connecting cable	3m 3x2,5
