

WORKLITE™ 25W 230V SENSOR LED WORK LIGHT

Chainable and impact-resistant LED site light 24 months Guaranteed! Made in Finland
Equipped with a motion sensor, the WorkLite™ saves up to 50% more energy than a standard WorkLite™. When there is no movement in the area, it dims itself to 10% power, thus consuming only 2.5 W of electricity. Like other models, it withstands shocks and vibrations on site. Long-lasting and mechanically highly durable LED as a light source enables cost-effective use even during long projects. WorkLite™ is easy to install and does not require electrician authorization. The WorkLite™ chainable is available in three voltages: 48 V and 110-230 V. The stock color is red.
