

BAU LED 2 GREEN 10M LED STRIP

The green led strip is suitable, for example, for EXIT lighting. A 10m long tape is suitable for e.g. showing the exit route. The tape can be used together with the BAU BAT battery backup. BAU LED strips are coated with a frost-resistant flexible silicone coating.

1,5m connection cable is sold separately.

SKU: 6000849

TECHNICAL ATTRIBUTES

Light output	700 lm/m	Consumption	9W
Length	10m	Chaining together max.	60 m
Power	8W	IP-rating	IP54
		Voltage	230V
