

VÖLLER 50W RGB LED FLOODLIGHT WITH REMOTE CONTROL

Versatile color lighting for outdoor spaces and events

The Völler 50W RGB LED floodlight with remote control is a powerful and flexible solution for illuminating smaller targets with vibrant color. It's ideal for gardens, building facades, signs, plants, trees, and events where colorful lighting is desired.

With the included remote control, you can easily change the light color using various combinations of red, green, and blue (RGB). You can also control how the light turns on and off or choose from several flashing and fading modes – all with the push of a button.

The floodlight is equipped with an adjustable mounting bracket, making it easy to install at the desired angle. Its compact size, vivid lighting, and full color control make it a perfect choice for both home and professional use.

Features:

- Power: 50W
- RGB color lighting, remote controlled
- Multiple color and flashing modes
- Adjustable mounting bracket
- Suitable for indoor and outdoor use

SKU: 301010008
